

Here are the 35 largest accounting firms in Greater Philadelphia

Ranked by Local CPAs

Locally Researched by: Todd Romero, Data Reporter

Mar 06, 2025, 6:00am EST

Revised: Mar 18, 2025, 10:10am EDT

The largest accounting firms in the Philadelphia Metro area employ more than 3,405 local certified public accounts in Philadelphia, Delaware, Montgomery, Bucks, and Chester in Pennsylvania; Camden, Burlington, and Gloucester in New Jersey; and Kent and New Castle in Delaware.

The online version of this ranking expands beyond what appears in print; another 89 accounting firms are included in our digital rankings, in addition to the 25 featured in this week's print edition.

This week's List marks a shift in our research methodology and philosophy in 2025, one that will emphasize more data and context for readers while better coordinating the resources available to us and our 46 sister publications under the American City Business Journals flag. We anticipate this effort will identify thousands of new local records — and cumulatively, tens of thousands of new businesses across ACBJ's footprint — this year alone.

Information on The List was obtained through Philadelphia Business Journal research or supplied by individual firms through questionnaires that the Philadelphia Business Journal could not independently verify. In case of ties, firms are ranked by total employment and then listed alphabetically if ties remain. Additionally, accounting firms that did not respond to employment surveys but were still included on this year's List are sorted by estimated total employment figures derived from Philadelphia Business Journal archives; annual filings with the U.S. Department of Labor; and other firm-specific resources. Inclusion on this year's List required each firm to have a minimum of 15 total employees, using the methodologies described above.

For information about this and other Philadelphia Business Journal Lists, please contact Data Reporter, Todd Romero at EMAIL@bizjournals.com or 215-238-5146
